

# Geometri med rep

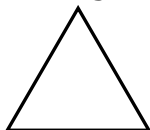

GRÖN

BLÅ

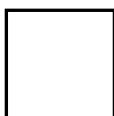

RÖD

**Uppgiften är** att bygga geometriska figurer med linor som man fäster ihop med karbinhakar, och hålla upp figuren i luften (alltså inte på marken).

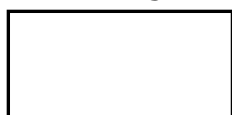

Triangel

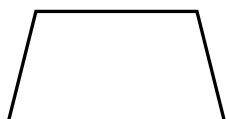

Kvadrat

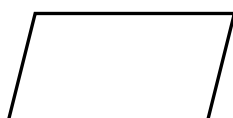

Rektangel

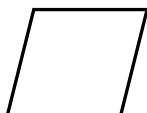

Parallelltrapets

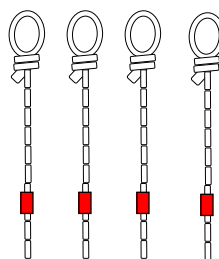

Parallelogram

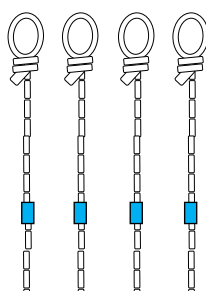

Romb

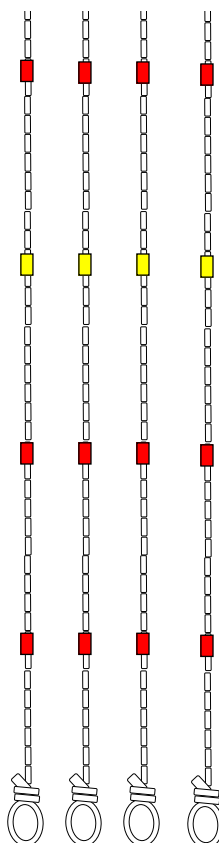

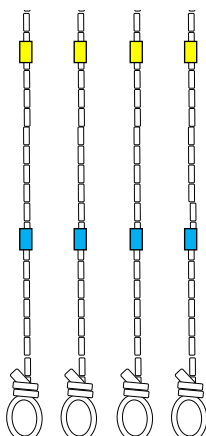

Karbinhakar

3-meters linor

2-meters linor

4-meters linor
